"Were Building Champions"

Page Volleyball teams had fine seasons and although none of the four squads won a city title they were all very competitive and showed a great deal of skill improvement. The Junior Girls team, coached by Miss MacKinnon lost to Queen Elizabeth in the semi-final match. Mr. Jensen's Junior Boys were a breath away from capturing the City Conference Championship when they lost to McNally 15-11 in the fifth and final game of their semi-final notch. The Senior Boys team was coached by Mr. Gauthier and Mr. Perry, both of the North American Baptist College. Their team lost to Ross Sheppard in a city quarter-final in Premier Conference, Mr. Degrande, the team's staff advisor, said the loss was a disappointing one but that the returning players for next

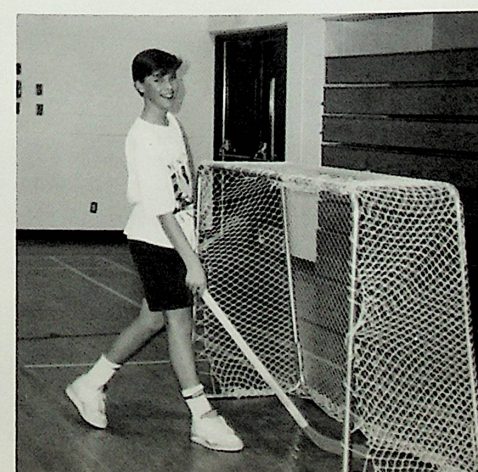

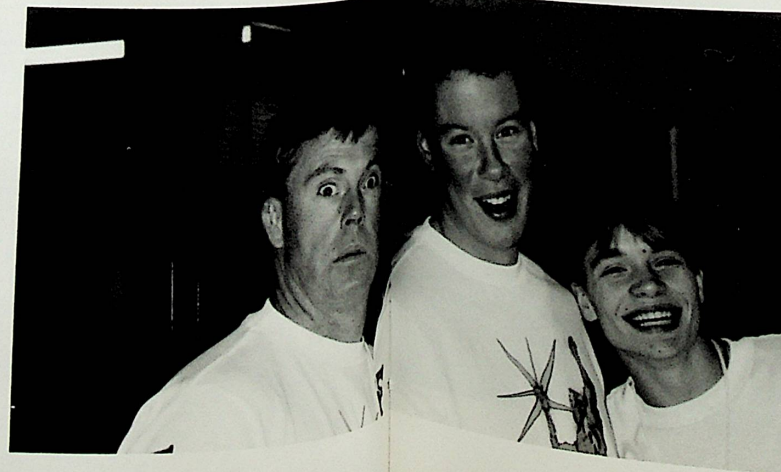

year's team are already looking forward to the upcoming 1990 season. Mr. Degrande will be coaching Page's Senior Boys Team next year and it promises to be a young but strong group of players.

For the second year in a row, Mrs. Skolski's Senior Girls team made it to the Premier Conference city final. After being premier champions last year, they had an uphill battle ahead of them in the 1989 season. In the city semifinal the girls played perhaps their best match of the year defeating Strathcona. They met an outstanding team from McNally in the city final and although they lost the match 3-0, they must be commended for an outstanding season.

A LOOK AT CHINA

"The Memories of Experiences Will Last a Lifetime." - Mr. Montgomery

The stark contrast between China's magnificent ancient architecture and the often poor quality of life of its people were among the strongest memories for Page students when they visited 5 Chinese

cities during spring break. Led by Mr. Montgomery the group visited 2 local schools in addition to historical and cultural sites. The memories of experiences will last a lifetime.

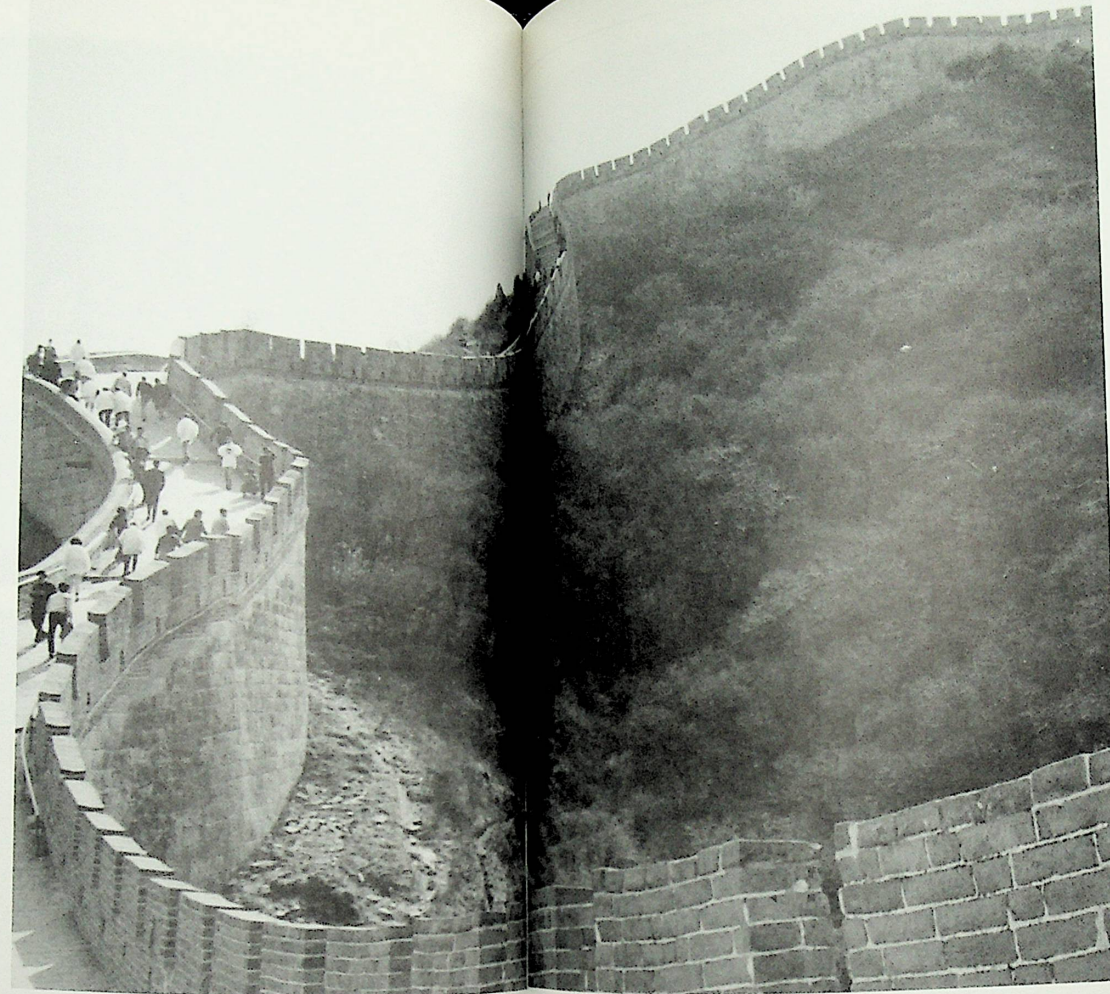

In Beijing we saw architecture centuries old.

Page students participated in the ten o'clock exercise session at a Beijing high school.

Page students experienced the culture and history of an ancient people. Here Terracotta Warriors have stood guard for centuries at an Emperor's burial site. Thousands of these life sized warriors were discovered in the late seventies. Everyone is different.

The Great Wall of China extends over 6,000 kilometers and can be seen from outer space.

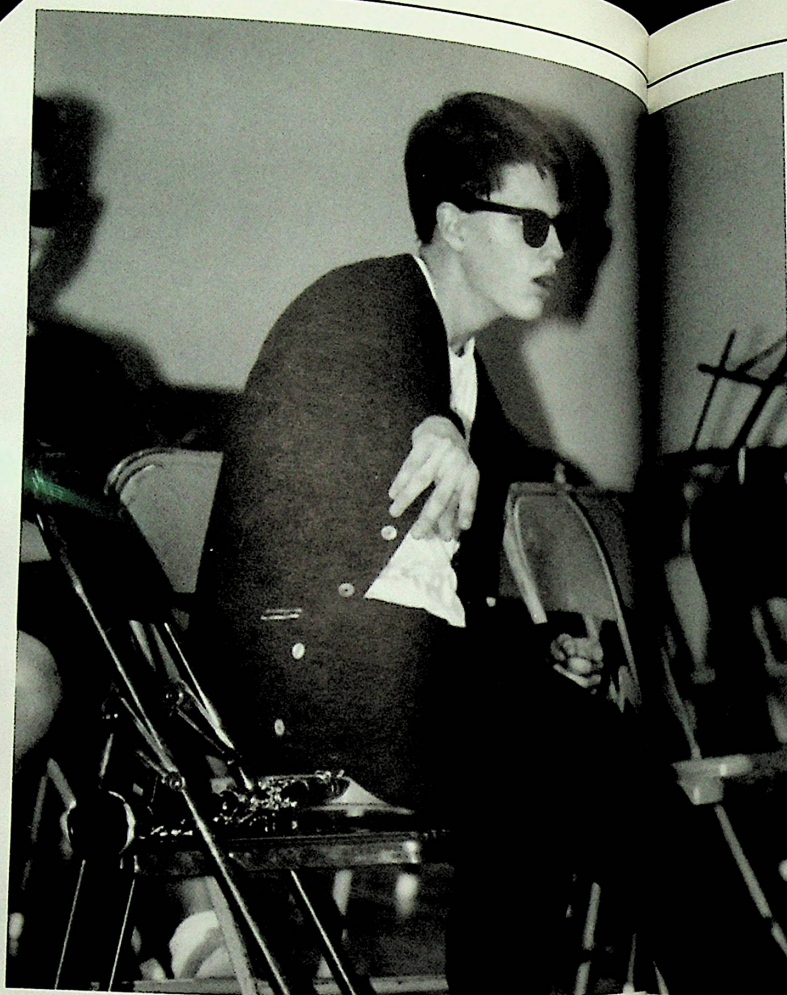

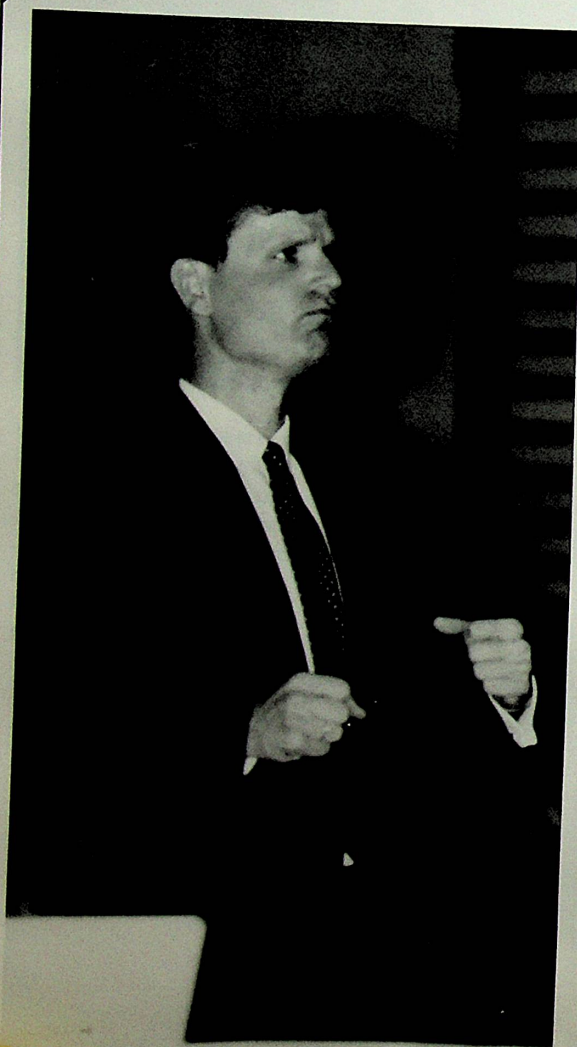

Mr. Montgomery provides Canadian souvenirs to friendly Chinese students. Page students distributed a wide variety of pins, posters, and flags.

P EER S UPPORT

The Peer Support program at J. Percy Page is off to a good start. Twelve students have been chosen to initiate the program. They participated in a retreat at the Strathcona Wilderness Center on October 19 through 21 where they engaged in implementing the Peer Support program at Page.

The Peer Support team meets on a weekly basis to reinforce training in effective and empathetic listening, positive communication, assertiveness, feedback, and decision making. Students wishing to contact Peer Support members can do so through the appointment board in the counselling office.

Private messages can be submitted to members mailboxes in the counselling office also.

BAMFIELD

'90

On Saturday morning, February 24th, twenty-four J. Percy Page students and four science teachers/supervisors left the Edmonton International Airport, boarded an Air Canada Jet and flew to Victoria, B.C. At Victoria the group rented two 15 passenger vans and a cargo van & spent the day and evening exploring the sights & sounds of that lovely city. The next day the group travelled over highways & logging roads to reach Bamfield — their "home away from home" for five adventure filled days.

Bamfield is a small fishing village on

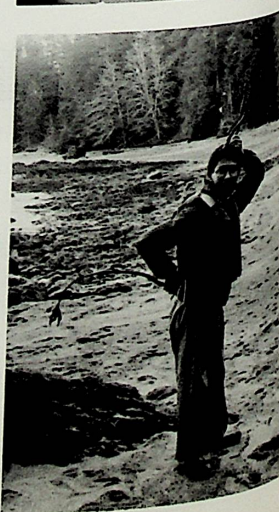

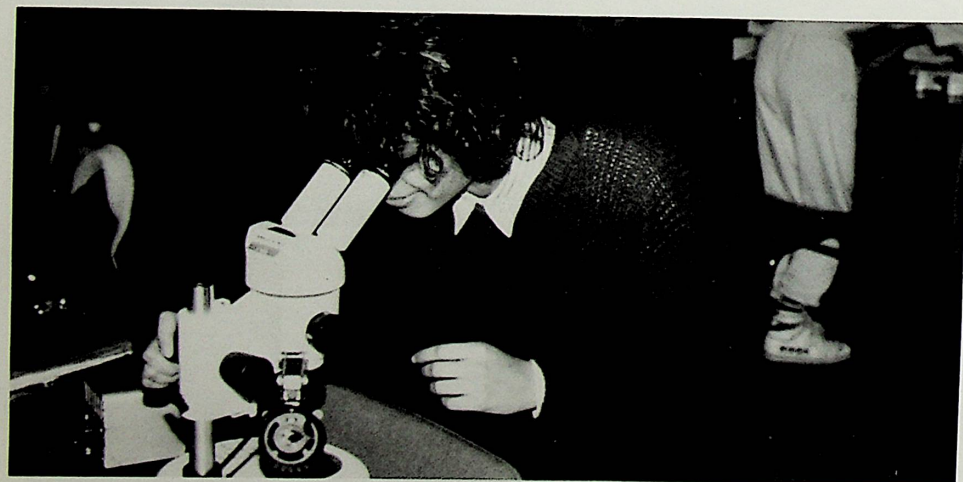

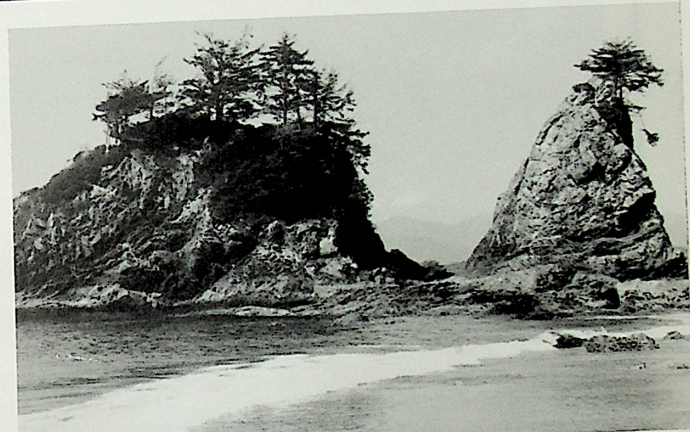

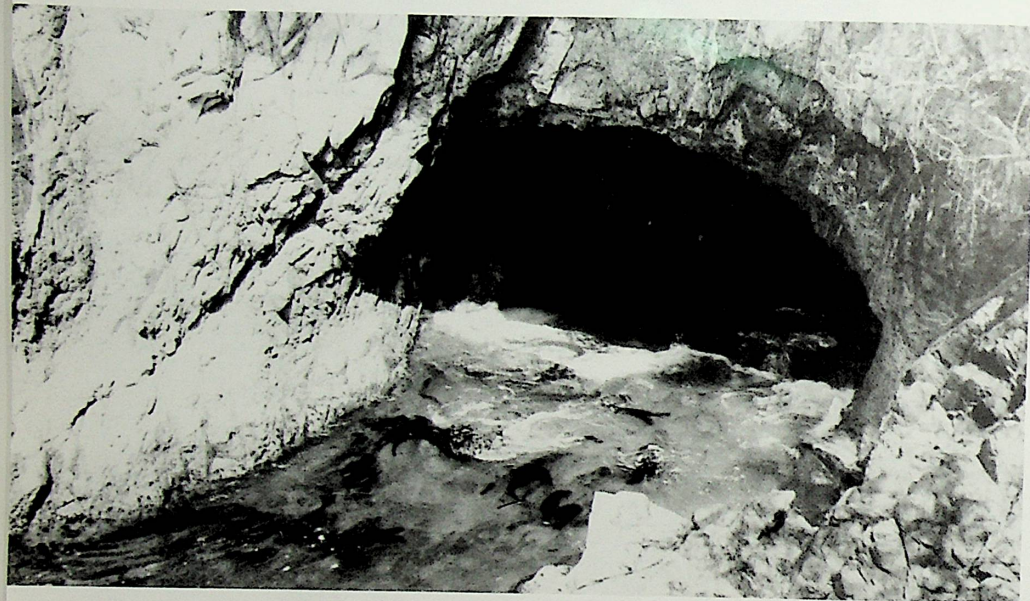

the southwest coast of Vancouver Island. It is also the site of the Bamfield Marine Biology Research Station, a research & study facility funded by the Universities of Alberta, Calgary, Simon Fraser, British Columbia and Victoria. The Science students received permission to participate in the Marine Station's field trip program and it developed into the trip of a lifetime providing educational experiences that the students will cherish for many, many years.

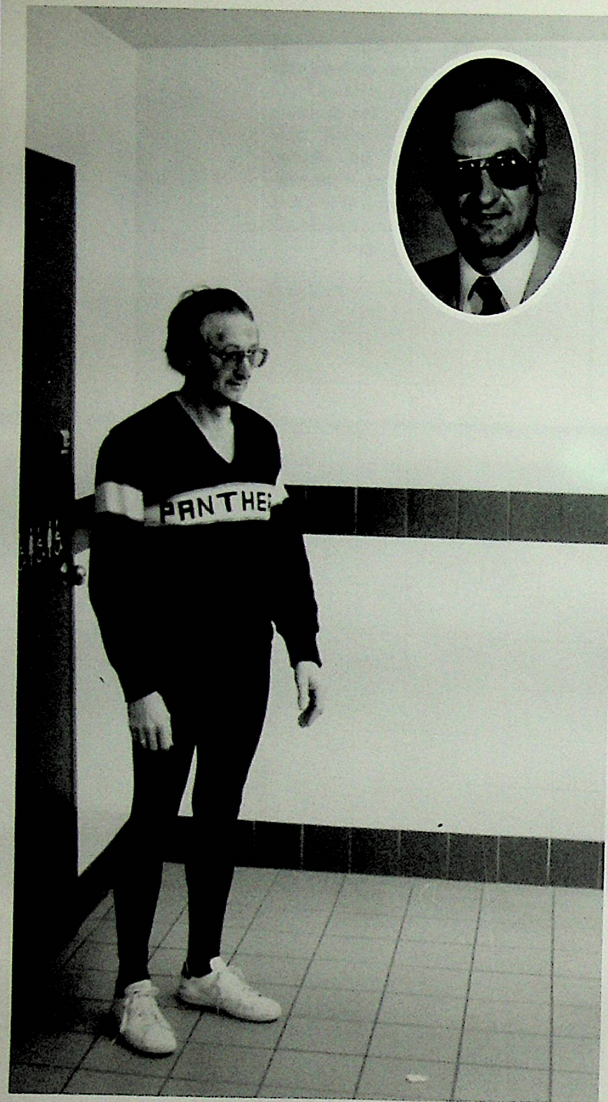

The marine setting of this facility made possible adventurous and exciting ex-

peditions to sea caves at night (entrance to the caves only possible at very low tides), to beaches with enormous surfs, along rocky shores with spectacular tide pools, to rain forests overgrown with vegetation and to sea in a trawler - an exciting afternoon of bottom dredging & fish netting. On each and every expedition the students & teachers were accompanied by Sally Carson, a member of the excellent scientific team employed at the Marine Station. With Sally's help and direction marine specimens were brought back to the station's laboratories for further examination and study by our

students. The scientific studies became artistic when the students were taught how to do "fish-printing" and red algae "pressings". The days were long — the students "worked" from 8:30 am till 10:00 pm. Several students kept a daily log of their activities and impressions and to quote from one "it was without a doubt the best trip of my life" — says it all!

- F. Gainer

PRINCIPAL'S MESSAGE

Each school year is marked by specific successes and memories that are derived from changes or additions to programs, practises and school activities. This year was no exception at 'Page'. Our new program of communications and public relations made our community aware of programs and activities at 'Page' and has highlighted the achievements of our students in the 'Rage of Page'. Our peer support and peer tutoring programs have utilized the strengths of our students in providing assistance to peers who are experiencing personal and academic difficulties. A budding partnership between our school and Stuart Olsen Construction has provided job-shadowing and field trip opportunities for individual students and for classes. The Academic Challenge program has provided our students with an opportunity to participate in enriched academic courses. Our first attempt at allowing some students to work at their own pace was successful in business education courses through the Advancement by Competence program.

Our school teams, Welcome Week, slave days (how can I forget this day), school dances, Junior High invitational volleyball and basketball tournaments, Rick Hansen's return to 'Page', band exchange, Antigone, one-acts, pumpkin-carving, grad activities, Remembrance Day ceremony, trip to Bamfield, talent show, lip sync, D.A.A.N.C.E. troupe, madhouse contest, A.C.L.A., History of Rock n' Roll, and the production "Desire" will provide everlasting memories for everyone in this yearbook.

Thank you to everyone for making this an enjoyable, successful and banner year. I look forward to seeing the students who will return in September. I hope that those of you who are leaving 'Page' will do so with fond memories and the great feeling of success!

MEMORIES THAT LAST

CASCADE

Housemaster's Message

Another level has been reached in the evolution of J. Percy Page Composite High School as a dynamic entity in the community of Millwoods.

"In 1989/90 we reached our maximum student enrollment." Like any complex organization, it takes about five years before a new school becomes the vibrant, all-encompassing center of education that Page has achieved.

Each year that I have written a message for Cascade House, I have marvelled at my good fortune to be associated with such a positive group of students, staff and parents. This year has not been an exception and moving into the "Decade of the 90's" excites me with the unlimited possibilities of the future.

A poem that was given me a few years ago perhaps expresses the feelings and hopes that we all have, but particularly so for the young people, the students of Page:

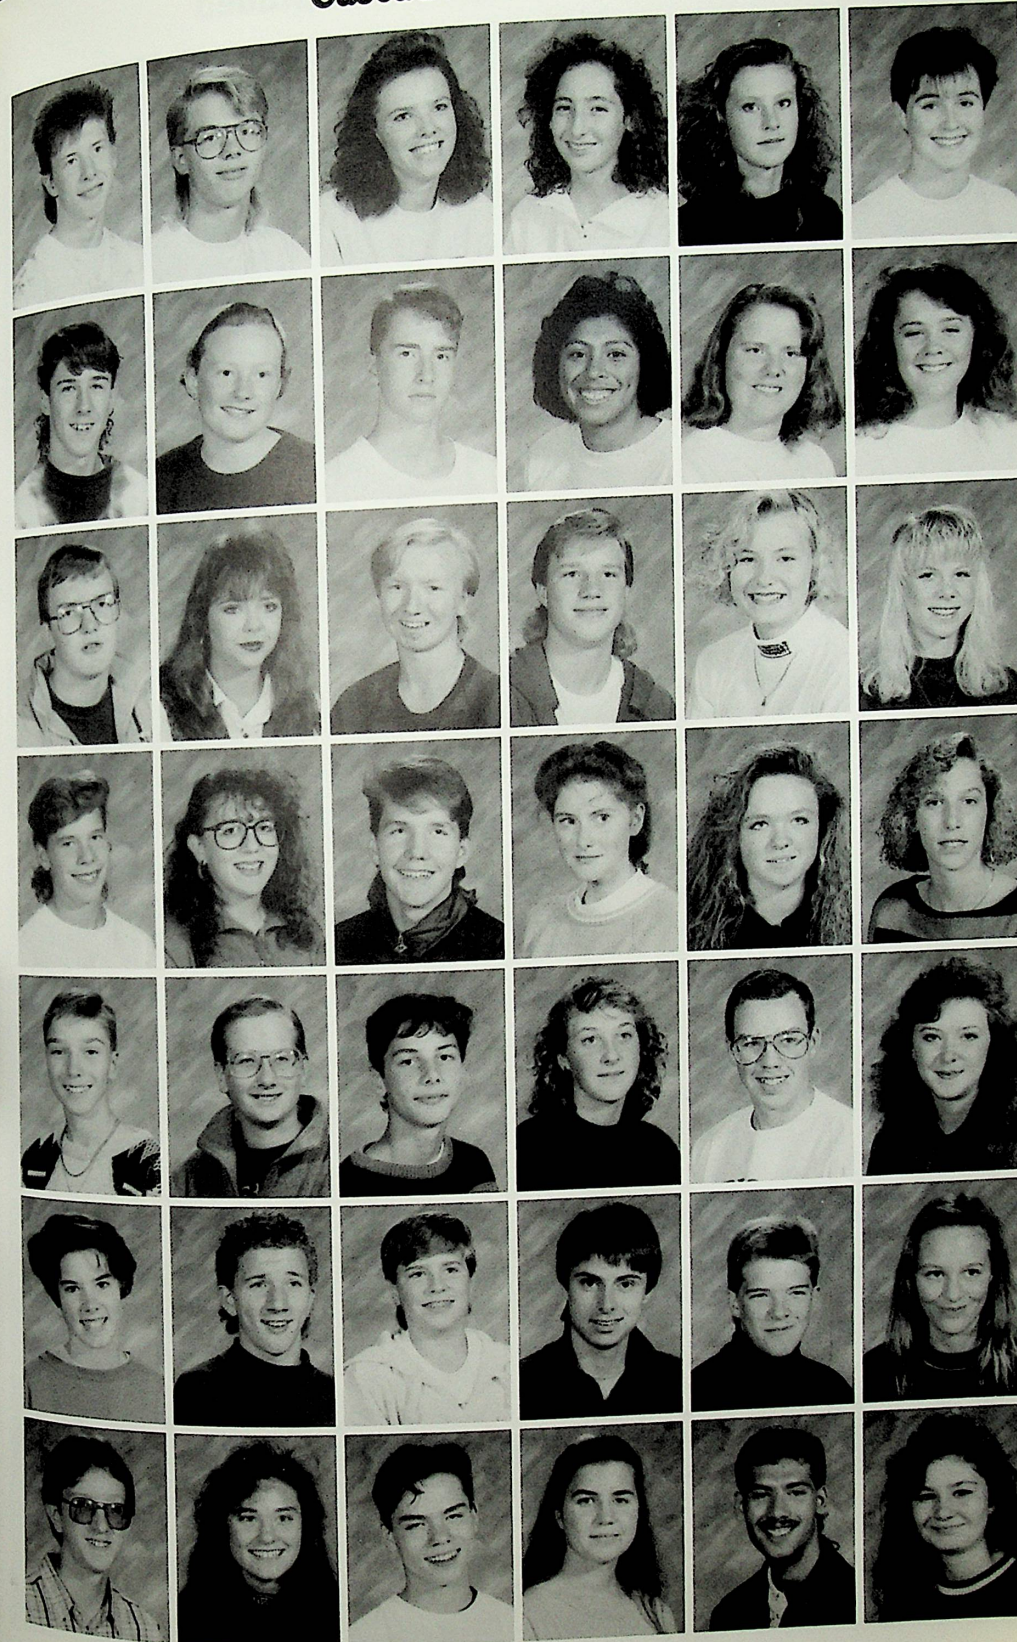

Tomorrow is a dream that leads me onward,
Tomorrow is a path I've yet to choose,
It's a change I've yet to take,
A friend I've yet to make,
It's all the talent I have yet to use.

Tomorrow is a dream that leads me onward,
Always just a step ahead of me,
It's the joy I've yet to know,
The love I've yet to show,
For it's the person I have yet to be.

SUNWAPTA

Housemaster's Message

I hope that when you look back over your high school years you have many fond memories. Some of you may now feel these have been the best years of your life. As a student body, you have worked hard in your courses. You have shown concern for your environment, for those less fortunate, and for each other. Recycling projects, aid and fine arts productions are just some of the ways you have been involved beyond the classroom. For many the friendships and relationships established during these activities will be with you for the rest of your lives. I know the academics, social skills and job skills you have acquired or refined while at Page will be used as you face the many challenges in your future. I believe for most of you the best years lie ahead. Your experiences at Page have provided a foundation for your future success and happiness. Stay involved, have fun, and work hard!

WAPITI

Housemaster's Message

1989-90 has been a year of continued growth and challenges for J. Percy Page. We have established a tradition of caring and scholastic excellence. Wapiti students and staff have achieved many goals in curricular and extracurricular activities. These successes have been achieved through the hard work, determination and commitment of students, parents and staff. I feel very fortunate to be in a position allowing interaction with today's youth. You are the key to our future and I am confident that each one of you will make a difference in this world as you become all that you are capable of being. Graduates, remember when you have known the pain of failure, frustration and disappointment it will be because you have taken a chance on winning, succeeding and achieving. To those students returning to Wapiti, have a good holiday and come back to welcome new and make 1990-91 another one of the best year of your lives.

YOU MAKE THE DIFFERENCE

Lori Kuberski - Grad Class President

Two hundred and seven students, the largest graduating class ever, received their graduation mementos and certificates on Wednesday, May 23 at the J. Percy Page Commencement Ceremonies at the Jubilee Auditorium. A great number of students and staff cooperated to make this year's graduation activities one of the best so far. The commencement ceremonies were very successful with an outstanding speech by Ms. Berry, a former teacher at the school. Excellent presentations and speeches were also given by Andrea House, class valedictorian, Brandy Gibb and Linda Murphy, class historians, Mr. Lepatski, principal, and Mr. Mather, the representative of the School Board. The theme songs, written and performed by J. Percy Page students, were very well received and gave a special touch to the evening. Special thanks go to Tim Antonuk, Gillian Bobb and Alexis Massey, composers. Cindy Ritz, Christina Rainer, Kim Tribiger, and Gillian Bobb did an excellent job on vocals.

A tape was made of the ceremonies and is

presently being edited and duplicated. A copy of the tape will be given to each of the graduating class to remind them of this special time in their lives.

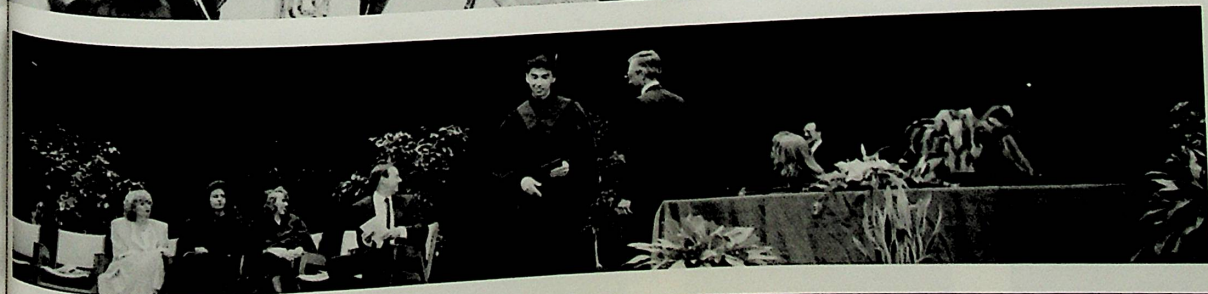

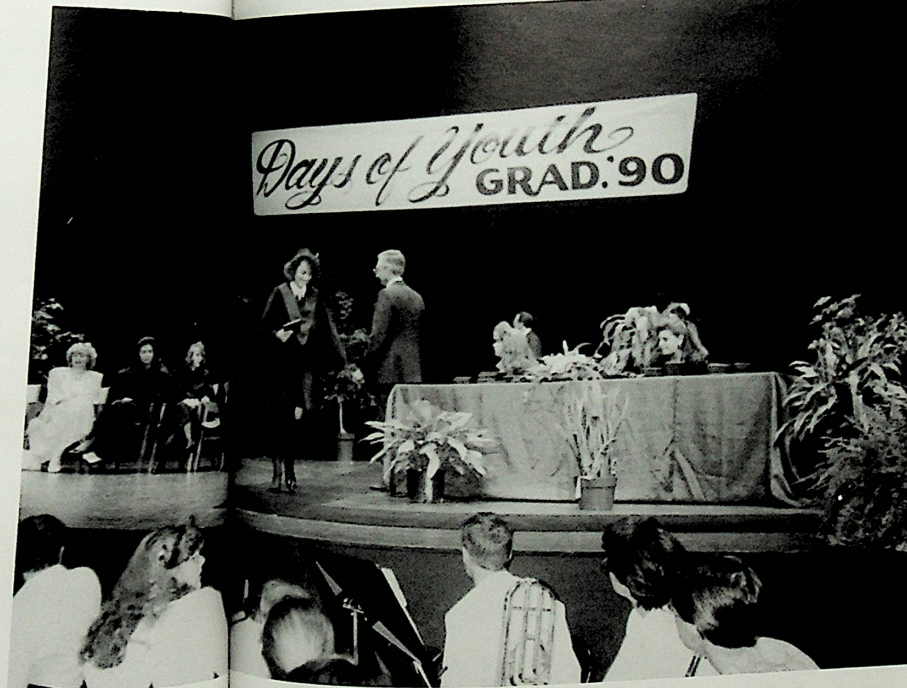

The Grad Class Banquet at the Convention Inn South was very well attended and everyone ate well and danced late into the night. With toasts and replies, the Graduating Class said goodbye to the school and the school and parents responded wishing the students well in the future. An excellent slide show presentation created a mood of nostalgia as the students looked back over the year. Thanks to the students under the direction of Mr. Gainer who took slides, chose the music and created the show.

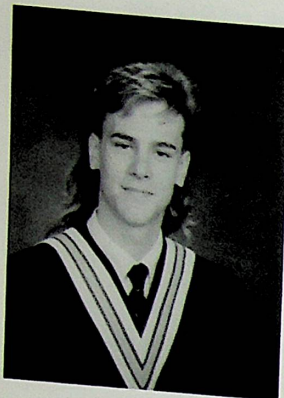

The Grad Council deserves a great deal of credit for the success of this year's graduation ceremonies for their hard work and dedication through the year. Lori Kuberski, president, did an outstanding job. Linda Murphy, Vicki Crawford, Joanne Fong, Pam Wilkinson, Nicole Fieldhouse, Sathiya Iyer,

Nineth Chacon, Glen Bluett, and Kelle Joblin-ski all put in long hours to make this year's graduation the success that it was. Thank you's are also due to the staff who helped with graduation. Mrs. Kalmacoff, Mr. Shave, Mrs. Nugent, Mr. Zanon, Ms. Edwards, Mrs. Kenny, Mrs. Shore, Mrs. Evans and Mr. Yakemic all contributed their talents and hard work. Thanks also to the grad class volunteers who helped with the various fundraising projects from the ill-fated table move to the Spring Break Daycamp. Finally, a thank you goes to the grade eleven students who volunteered to help make things run smoothly at the Commencement ceremonies.

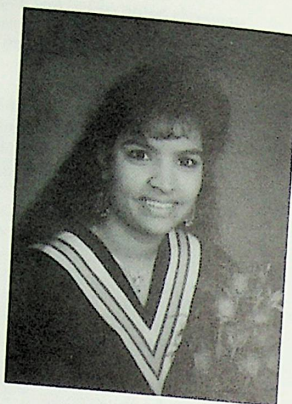

Grad Council would like to say farewell to the graduating class of J. Percy Page and on behalf of the graduating class, say farewell to the students and staff of the school. We will miss you.

Though we've been friends many years, I have cried many tears. Now is the time we must go, to the places to and fro. I will cherish these moments in my heart, and the memories inside will never part. I will wait to see you again one day. Maybe ten years from now, on a spring day in May. P.S. I love you (Randy) Thank-you, Mom, Daddy, and Shane for all your help and love that you gave.

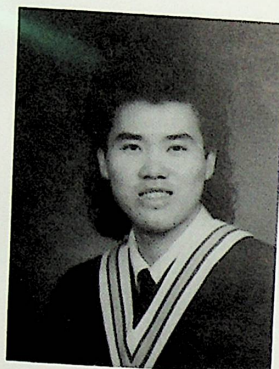

Marcella Padmore
The wind will change in your direction,
Everything is near perfection.
The sky is blue, the flowers bloom,
But what you see is not for you.
This day, this year is not to stay,
It soon becomes yesterday.
But the vision of this time shall be,
A sweet and wonderful memory.
...amities toujours, mes amis! Life is
worthwhile!

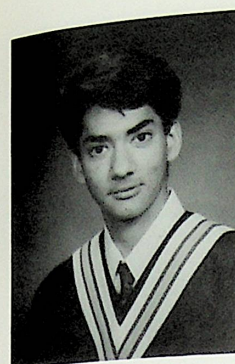

Barbara Paolini
I am extremely happy to be graduating this
year. I would like to say thank you to all
those who helped me throughout the years.
Thank you very much to those who were

my teachers, you were great. Good luck
to all of my fellow graduates, it's been fun.
Life isn't forever so enjoy it while you can
have it. LET'S PARTY!!!

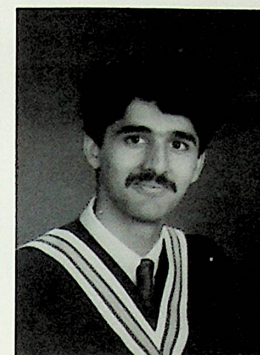

Aimee Park
50% happy, 20% sad, and 30% missing.
Total 100%, right? I had fun in this
school. A lot of memories that I can never
forget. Three years was hard but fun, en-
joyable but painful, laughter but tears.
Well now I'm out of this school but
heading toward challenges and a bigger
world. I'd like to thank all the teachers
who helped me and cared about me.
Thanks to EK, YC, SK, SP. Special thanks
to Mrs. VB and Mr. N.

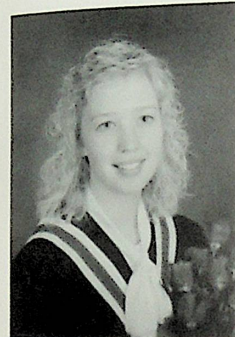

Phu Phan
Three long years are finally over. Thanks

times. Hope to hear from you in the future.
To everyone I forgot to mention, sorry but
you know you're in my thoughts.

Yusuf Rashid
What's this?! U want a grad message in
by 2 day! I wont list a bunch of initials
cause that's silly. How 'bout a deep poem?
There once was a man name D. Yusuf.
Rhymes for his name were elusive. It's
happy and sad, when you are a grad. What
the heck rhymes with Yusuf? Yusuf, the
man, the legend. I'm an easy man to like,
but a hard man to kill

Rahim Ratanski
I would like to thank my friends, M.H,
S.I, T.C, ML, MS and other friends and
teachers for their encouragement and sup-
port. It was a pleasure being part of this

ies of it in years to come.

Correne Refsahl-Jensen
High school: I had such high hopes. I
looked forward to the friends, the parties,
the clubs, the knowledge. There was some
of that, but the best part of school had
nothing to do with classes. I know what
kind of person I want to be, and I know
who my real friends are. Many thanks and
best wishes to DS., KD., CR., SR., CE.,
and especially Mom and Dad.

Simone Rieder
Let not mercy and truth forsake you;
Bind them around your neck,
Write them on the tablet of your heart,
And so find favor and high esteem
In the sight of God and man.

the 3 CR's, your friendship was invaluable!

The mirror tries to please me,
The image wouldn't stay,
The stranger is too perfect,
To take my breath away,
The future rides beside me,
Tomorrow in his hand,
The stranger turns to greet me,
Take me by the hand

These past four years at Page have been quite the experience. Fondest memories include everything we did in phys.ed. 10, 20, 30, the english classes, the summers and of course my fellow degenerate peers. J'oublie jamais les bonnes memoires avec mes amis à l'école française. "... Funny how you look back on those times we had remember all the good ones forget about all the bad," Tom Cochrane.

 Youth is an age of searching. Searching and hoping that there is a light we can follow. But most of the time we stumble in darkness. Alone we can not see, it is only with the light that there is direction. The light is the word. The word was and is always there for us. My youth has been joyfully inspired by my family, my sweet friends, Mr. Dendy and T.J. A special thank-you to the word.

DAYS OF YOUTH

GRAD SONG

Days Of Youth - Gillian Bobb
- Alexis Massey

Old memories
Linger in my heart as years go by
Every passing day
I begin to see how fast time flies

Chorus: When the road is long
And you need someone
Call me and I will come
My friend I will be there
When the night is cold
And the shadows crawl
Reach out and I'll be there
Friendship will never, never end

In our days of youth
We laughed, we sang we danced
Under skies so blue
The golden sun in the morn
Never shone so bright
As when I was with you

Now we face the world
Our hopes and dreams
Burn strong within our hearts
Yet we won't forget
The memories we've made
The happy times we shared

Chorus

MAKE OUR WAY

MAKE OUR WAY - Tim Antoniuk

The paths, they have been long
We've walked them all alone
We've tried and we've cried
And we fought, for what we believe in.

Here we are, reflection on our years
Beside us stand our friends and our
peers

We've worked long and hard
To make it to this time
You see mom and dad out there
And they're crying.

Bridge: We may get lost
Can't find our way
Soon we will learn
Just how to use
The gifts God gave.

Chorus: Now that we're here
Let us raise a cheer
For the ones we have loved
And the ones we've held so dear
We have all learned not to accept fate
We will show them all how
As we make our way.

Here we are, standing before the crowd
How long will it last? Will it be our
final bow?

I thank you all
For the trust you've given me
I hold the torch high
For everyone to see.

Bridge:
Chorus:

VALEDICTORIAN SPEECH

- Andrea House

Valedictorian Speech 1990 -
Andrea House

Honored Guests, Parents, Friends,
Staff, & Fellow Graduands,

Graduation is a collective accomplishment as well as an individual one. We must thank the committed teachers, parents and friends and we must also thank the graduands themselves, without whom, there would be no ceremonies. Many times after tonight we will observe the fruits of one person's labour - remember that there are others behind the success. It is our work and the work of others that will lead us towards achieving our goals in the future, as well as those that we set as a society.

Our graduating class faces a fascinating future. Rapidly increasing technology, political tension, environmental destruction are thoughts that create questions within our minds. What are the problems? How can I make changes? What changes should we as a society make? It is enough to make one return

for an extra semester. Although high school has not prepared us adequately enough to solve the world's problems just yet, I believe that our class has developed into a group of compassionate, adept thinkers who will embrace the future with maturity and dignity. We will be forced to accept the responsibility of a changing world and I believe we can.

This graduating class has begun to understand what is necessary to make the transition from high school to the adult world.

Motivation, the will to carry on to the very best of individual ability must originate within us. Motivation to continue the learning process, to enlarge our understanding of the world we live in, and to maintain a focus even when outside pressures are strong. If we can be motivated as individuals we will be motivated as a group.

Dedication, the conscious decision to devote oneself to a specific purpose is the key to success. We will earnestly

devote our individual energy to that which holds the greatest importance: family, life's work and dreams.

Each one of us is a deserving person. That we walk across this stage this evening, is evidence of our worth. We must keep the high standard which we have set for ourselves and realize that our only limitations are within the confines of our own minds.

Together, we have accomplished something substantial. My deepest congratulations goes out to each and every graduand, parent and teacher here this evening. We can all be proud of ourselves, yet tonight is only the beginning. Tomorrow will be full of strange new experiences, challenges, triumphs and failures for each and everyone of us, yet I know deep in my heart that we are prepared to overcome that which comes our way. I can honestly say that I am proud to be a member of the J. Percy Page, 1990 graduating class. Thank you to all of you and good luck in all of your future endeavours.
